

## Business-School Partnership Programme

### Chemical Manufacturing 化工製品

A group of thirty-nine students from Marymount Secondary School visited Dow Chemical Pacific Limited's laboratory in Fanling on 21 June to get a glimpse into the chemical manufacturing industry. Dennis Yee, Global R&D Director of Dow Chemical Company, introduced the innovative products and solutions that Dow delivers around the world and its mission, corporate strategy and values. "We harness the power of science to create solutions that make the world healthier, safer and

cleaner," said Yee.

Students toured Dow's laboratory to learn about different machines used to test and develop chemical products, before ending their visit with four senior executives sharing their career paths and advice. They encouraged students to always try their best and when encountering challenges explore various options to find the most suitable solution. One executive said it is also important to be flexible in work as well as be permeable in terms of working with others easily.

瑪利曼中學39名學生於6月21日參觀陶氏化學太平洋有限公司位於粉嶺的實驗室，一睹化工製品業的運作。陶氏化學企業環球研究及發展總監余國偉介紹陶氏提供全球各地的創新產品和方案，並講解公司的宗旨、企業策略和價值。余國偉說：「我們利用科學的力量創造方案，讓世界變得更健康、更安全和更清潔。」

其後，學生獲安排導賞陶氏的實驗室，參觀用作測試和開發化工產品的各種機器。最後，該公司四位高級行政人員主持分享會，分享他們的事業發展，並為學生提供意見。他們鼓勵學生凡事全力以赴，遇到挑戰時要嘗試各種方法，尋找最合適的方案。其中一位行政人員亦表示，工作時要靈活彈性，與人合作時要有滲透力。

### Food and Beverage Pairing 餐飲搭配

Twenty-five students from True Light Girls' College took part in a hotel tour and interactive workshop on food and beverage pairing at the Grand Hyatt Hong Kong on 5 July. During the visit, staff showed students the hotel's amenities designed to cater to different needs of guests.

After the guided tour, students participated in an interactive cooking workshop led by experienced chefs in which they made chicken sausages. "The process was definitely easier said than done. I realized that we have to put in a lot of

effort and be patient during the process regardless of how simple the work seems to be. Perseverance is always the key to success," one of the students commented.

真光女書院25名學生於7月5日前往香港君悅酒店參觀，並參與餐飲搭配互動工作坊。期間，員工向學生展示酒店為切合顧客不同需要而專門設計的設施。

接著，在多位經驗豐富的大廚指導下，學生參與一個互動烹飪工作坊，學習製作雞肉腸。其中一位學生表示：「製作過程絕對是說易行難，更讓我明白到無論製作工序看似多簡單，我們也得付出努力，在過程中保持耐性。堅持不懈是成功的關鍵。」

Preparing for a Job Interview 為求職面試做好準備

**E**laine Chong, General Counsel - Hong Kong of CLP Power, spoke to around 100 students from SKH Lui Ming Choi Secondary School on 6 July about preparing for job interviews. "Creating a good first impression is important and having good interview skills requires extensive preparation and practice," said Chong. Students also learned the dos and don'ts of interviews, before having the chance to put into practice what they had learned in small groups with CLP executives.

**中**華電力法律總顧問（香港）鍾王穎婷於7月6日向聖公會呂明才中學約100位學生分享求職面試準備指南。她表示：「第一印象十分重要。要建立良好的面試技巧，便要有充分的準備和練習。」學生亦學習面試的宜忌，繼而獲安排以小組形式與幾位來自中電不同部門的行政人員會面，實踐所學。

Invitation to the HKGCC Business-School Partnership Programme 2017-18

**O**ur Business-Schools Partnership Programme has been providing a platform to connect businesses with secondary schools since 2001. A key objective of the programme is to facilitate direct communications between students, teachers and business executives so that they can understand each other's expectations better. As a major business chamber, we believe connecting schools with businesses is vital to the development of Hong Kong's future manpower, and your participation is of great significance to the success of the programme.

We sincerely invite your company to join this programme and form a partnership with a local secondary school to develop meaningful activities for students during the school year 2017-2018.

Member companies interested in participating the Business-School Partnership Programme can contact [kylie@chamber.org.hk](mailto:kylie@chamber.org.hk) for more information or scan the QR code download the Company Sign-up Form.
