

THE ENVIRONMENT AND SUSTAINABILITY COMMITTEE

環境及可持續發展委員會

TERMS OF REFERENCE

1) Mission

To advise the General Committee and the Chamber Directorate on issues / areas pertinent to sustainability and its integration with the environmental, economic and social development in Hong Kong.

2) Membership

- The Committee is open to any corporate member of the Chamber who wishes to join.
- Chamber individual associate members may apply as observers to the Committee.
- Committee membership is subject to agreement by the committee's chairman and the Chamber CEO.
- Members should observe the "*Guidelines for HKGCC Committees*".

3) Objectives

- To study and advise the Chamber on the following issues:
 - Air quality
 - Climate change
 - Waste management & recycling
 - Green urban development, transport & buildings
 - Energy conservation & efficiency
 - Sustainable business practices
 - Eco-lifestyle

and such other environmental and sustainability related subjects as may arise from time to time.

- To provide education, information and practical advice to Chamber members on environmental and sustainability issues through organizing seminars, roundtables, workshops or other activities.
- To support environmental and sustainability projects of the Hong Kong SAR Government and non-Chamber organizations if appropriate.
- To appoint issues coordinators, who have particular experience to lead working groups, to study issues and recommend Chamber policy/action.
- To carry out any other related work at the request of the General Committee or Directorate.
