**Learn the magic of EcoSmart business!**

Sustainable business practices restore environmental quality and increase long-term profitability. How can these work?

The Chamber is organising a sustainability visit to the Hong Kong Disneyland Hotel to explore its sustainable initiatives that help conserve water, energy and ecosystems, reduce waste and greenhouse gas emissions. Do you know:

- Where does the hotel's organic food waste go?
- How do they save water and energy through the irrigation system and energy-efficient practices?
- What are the green criteria for procuring wooden furniture and other products?
- Do they use plastic bags?

Please join the tour to find out the magic.

Tentative itinerary is as below:

- 8:45 am Depart Admiralty for Lantau Island via group coach
- 9:30 am Arrive Hong Kong Disneyland Hotel Welcoming and briefing
- 10:00 am Site visits
- 11:30 am Depart Hong Kong Disneyland Hotel for Admiralty

Owing to limited spaces, the visit limited to Chamber members, one participant from each member company only.

*The Hong Kong General Chamber has initiated an EcoSmart series of events to promote a smart culture that enables individuals, building managers, transport operators and general businesses to be more environmental friendly. Together, we will be able to help develop Hong Kong into a sustainable city.*
