9 November 2009

Dear Mr Brandler,

**Hong Kong Council for Testing and Certification  
Consultation Forum**

The Government established the Hong Kong Council for Testing and Certification in September this year to spearhead the development of the testing and certification industry. Members of the Council are from the testing and certification industry, business sector, professional bodies as well as relevant public bodies and government departments. The priority task of the Council is to work with the testing and certification industry to formulate a three-year market-driven development plan within six months of its establishment for submission to the Chief Executive by early 2010.

The Council will hold a consultation forum to collect views from the testing and certification industry, major stakeholders and the general public on the opportunities and challenges faced by the industry and the development strategy for strengthening the capacity and capability of the sector. Details of the Forum are as follows:

Date : 27 November 2009 (Friday)  
Time : 3:00 p.m. – 5:00 p.m.  
Venue : Lecture Hall, Space Museum,  
10 Salisbury Road, Tsim Sha Tsui,  
Kowloon.

Various trades in Hong Kong make use of the services of the local testing and certification industry to provide assurance to the quality and safety of the products and services concerned. The Hong Kong General Chamber of Commerce and its members are cordially invited to attend the Forum so that the Council could also hear the views of the users of testing and certification industry. For reservation, please fill in the attached reservation form and send it back to us on or before 23 November 2009.
