in the heart of Asia

Exclusive offer for HKGCC Members

Enjoy **1hr free** Design Consultation & **15%** Discount for Interior Design and/or Project Managing services.

-- Offer valid until 31 December 2018 --

M2A is an Italian Interior Design studio in Hong Kong that focuses on three main aspects: personal relationship, attention to details and efficiency.

With an Italian background in high-end retail and corporate design, we strongly strive to always maintain our high standards of working following each step of the projects and meticulously select high quality materials and furniture.

High standards, efficiency and creative thinking are our strengths

We believe that details matter, always: not only designing a space or furniture, but also in the service. We offer tailor-made services dedicated to the total satisfaction of our clients to help them achieve their mission: from a complete design process, creating unique spaces with iconic identity, to project managing, art direction and quality control during production and construction process.

Currently we are involved in projects in Hong Kong, Macao, Singapore, Kuala Lumpur, Tokyo, Seoul, Beijing, Shanghai, Taipei and Sanya.
