

As a premier platform for global investment opportunities, CIFIT showcases the investment environment, industrial policies and key projects across China's provinces and regions. It also facilitates discussions on Belt and Road cooperation, cross-border investment services and sector-specific opportunities.

Each year, the fair attracts over 1,000 business institutions from more than 100 countries and regions. In 2025, the United Kingdom will serve as the Official Guest Country. With a GDP per capita of US\$52,636 (2024) and a leading position in global financial services, the UK remains a major European investor in China and a top destination for Chinese capital in Europe.

This year's Official Guest Province, Jiangsu, is a vital economic hub with a population of 85.26 million and a GDP of RMB 13.7 trillion (2024). Known for its strong international trade ties, Jiangsu serves as a key gateway for two-way investment, with significant exports to BRICS markets, the Middle East, Africa, Southeast Asia and Europe.

Don't miss this opportunity to connect with industry leaders, explore emerging sectors and discover high-potential investments in one of China's most dynamic economic hubs.
