## 王冬勝先生

香港總商會主席

本人衷心恭賀「2021-22 香港工商業獎」一眾得獎者，包括香港總商會主辦的「創意」組別下九家優勝企業。

新冠病毒疫情踏入第三年，各行各業持續受到打擊。然而，逆境每每激發創新，正如今屆的得獎企業一樣，他們積極為傳統優勢領域及新興產業創優增值，迎向數碼變革，轉危為機。

面對跨境往來驟減和全球供應鏈受阻等空前挑戰，企業紛紛利用創意和「我做得好」的拼勁，克服重重難關。今屆的優勝企業皆以嶄新的意念，應對和適應瞬息萬變的市場環境，在競爭中保持領先。

總商會很榮幸再度主辦今屆的「創意」組別獎項。我謹藉此機會，向香港工商業獎最終評審委員會和總商會評審委員會的全體成員致意，感謝他們在評審過程中提供寶貴意見。今年適逢總商會慶祝創會 160 周年，作為「商界之聲」，我們將一如既往，繼續促進本港營商環境的創新發展。

## Mr Peter Wong, GBS, JP

Chairman, Hong Kong General Chamber of Commerce

Congratulations to the winners of the 2021-22 Hong Kong Awards for Industries. I would like to especially recognize the achievements of the nine winners in the "Innovation and Creativity" category of the Awards, organized by the Hong Kong General Chamber of Commerce.

As we enter the third year of the pandemic, Covid-19 continues to pose a threat to businesses. However, adversity fuels innovation, which is reflected in our winners who have turned these challenges into opportunities. These entrepreneurs have found new ways to excel both in the areas of our traditional expertise and in the new industries that are emerging from the digital revolution.

Businesses continue to demonstrate their creativity and "can-do" spirit, which are critical to overcoming unprecedented challenges such as reduced cross-border traffic and disruptions to global supply chains. The winners of this year's Awards have shown their ability to adapt to rapid changes in the marketplace by coming up with new ideas to stay ahead of the competition.

The Chamber is honoured once more to be the lead organizer for this year's "Innovation and Creativity" award category. I would like to take this opportunity to thank the members of the Final Judging Panel and HKGCC Judging Panel for their invaluable contributions to the evaluation process. As we celebrate our 160th year as Hong Kong's "Voice of Business", the Chamber will continue to champion a business-friendly and innovative environment in the SAR.

## About Zhu Bi

In 1989, a striking symbol was designed for the Hong Kong Awards for Industry, expressed both in the award logo and in the trophies conferred on winners. The concept for the symbol is the juxtaposition of two precious elements, a pearl and a pierced jade amulet, to form a design which has happy connotations in both Chinese and western contexts. This symbol has been adopted by the Hong Kong Awards for Industries to recognise the excellence of Hong Kong enterprises.

The pearl (Zhu珠) is of particular significance to Hong Kong, an ancient source of finest pearls in China, and traditionally known as the Pearl of the Orient. The jade amulet (Bi 璧) represents the Heaven, according to Eastern Han scholar Zheng Xuan (鄭玄). The pierced disc resembles the ancient calligraphic symbol for the sun, and on the Hong Kong Awards for Industries logo the amulet is decorated with a stylised version of the traditional "grain" (穀) pattern. In Chinese, the two words together signify a perfect match. In the western context, the two symbols together form the letter "Q" which is widely associated with the concept of quality.

## 關於珠璧

在 1989 年，香港工業獎特別設計了一個匠心獨運的標誌，巧妙地將「珠」和「璧」這兩件寶物合併起來，成為一個中、英文中都有美好涵義的設計圖樣，用於獎項的標記和頒予得獎者的獎座。香港工商業獎沿用這個標誌，表彰本港企業的傑出成就。

「珠」對香港有特別深厚的意義，因為香港古時是中國出產最上好珍珠的地方，而且素有東方之珠的美譽。東漢經學家鄭玄認為「璧」象徵「天」。除此之外，璧的形狀有如中間有孔的圓碟，仿如古代書法中的「日」字；而香港工商業獎標誌中的璧，還以傳統的「穀」紋作裝飾。在中國語文上，「珠聯璧合」象徵「天衣無縫的配合」。以西方觀念來看，兩者併合成為英文字母「Q」，使人聯想起「品質」(Quality) 一詞。
